

HOPE UNIVERSITY COLLEGE

THE ACADEMIC PROGRAM

The academic program of the university college is tailored to help support the development of Ethiopia by launching integrated knowledge in industrialization, business management, environmental studies and social science. In the initial phase there shall be the faculties of

1. **business and entrepreneurship,**
2. **information and communication technology and**
3. **science and technology.**

During this period, the departments of business and entrepreneurship, accounting and finance, information technology, business information systems, industrial technology and building construction technology shall be offered. During subsequent years, other faculties shall be added with disciplines in, for instance, environmental science, public administration, urban management, public policy and music being incorporated.

The university college shall offer a bachelor's degree. Teaching shall be emphasized in view of the motto to develop leadership via on going faculty attention and mentoring. A semester system is applied with an academic year starting by mid September and ending by mid July.

The university college shall have 2000 students at full capacity and shall run day and evening classes.

HOW YOU CAN HELP

Hope University College, being a non-profit institution, depends on means such as sponsorships, volunteering faculty and grants to run itself.

SPONSORSHIPS

Sponsorships cover the costs of tuition and/or living expenses of a student on one hand and of a chair of a faculty member on the other as per the following cost breakdowns of a year:

1. **Tuition for a student** € 500 or USD \$725
2. **Living allowance for a student** € 300 or USD \$435
3. **Sponsorship of faculty chair** € 3,250 or USD \$4,712

A report on what your donation does shall be sent to you on a quarterly basis or as per your request. No less than 90% of your donation passes to those who need your support. Your donation can be wired or sent by check making it payable to Hope Enterprises and referring the purposes. Checks can be mailed to: Dr. Minas Hiruy, Founding President, Hope University College, 155 Churchill Road, P. O. Box 12382, Addis Ababa, Ethiopia. For a wire transfer, the following bank particulars shall be used: Hope Enterprises, Account Number 0170417306800, Commercial Bank of Ethiopia, IBD, P. O. Box 255, Addis Ababa, Ethiopia. Swift Code: CBETETAA. You can also donate online through HopeEthiopia, Inc., instructing your donation to go to Hope Enterprises for Hope University College.

VOLUNTEERING FACULTY

Hope University College needs volunteering faculty members with at least a master's degree in the fields of business administration, English, mechanical engineering, electrical engineering, civil engineering, industrial engineering, information technology and management information systems. We need volunteers to teach fulltime in any one of the above fields for at least a semester. We shall provide furnished apartment and living allowance in the amount of \$600 per month.

GRANTS

You can donate funds for the use of the university college with or without designation.

HOPE UNIVERSITY COLLEGE

DEVELOPING LEADERSHIP FOR A WORLD OF HOPE

BACKGROUND

Hope University College, Ethiopia's first non-profit college, was founded by Dr. Minas Hiruy in 2003 and was established under the aegis of Hope Enterprises, which leased and donated the 12.4 acres (five hectares) of land on which the university college is being built. Its ground was dedicated by the President of Ethiopia on December 2, 2006. Located in Addis Ababa, Ethiopia's capital and the seat of the Africa Union, the university college was designed by Geluk en Treurniet Architecten, a Dutch architectural firm, with all the important features befitting an integrated campus. The university college has a total foot print of 16,500 square meters and shall start operation in September 2010.

VISION

Hope University College has a vision to be knowledge and value based center of learning to positively impact leadership for speedy socio-economic transformation of Ethiopia.

MISSION

Develop knowledgeable, articulate, innovative and all rounded leaders, who can make a difference in the development of Ethiopia and the rest of the Horn of Africa within a community of academic excellence and values maturity.

MISSION STATEMENT

Developing leadership for a world of hope

OBJECTIVES

- **Develop highly competitive academic community where there is focus on learning, inquiry, reflection, intense pursuit of knowledge and intellectual achievement that is marked not only by knowledge transfer and ingestion but also by intelligence development.**
- **Develop internationally competitive professionals.**
- **Challenge students to confront their values, attitudes and behavior with an ethical spectacle that emphasizes responsibility, personal integrity, public interest and investment in the community.**
- **Link the students of the university college with the community for mutual learning and progress.**

STRATEGY OF INSTRUCTION

Hope University College applies competency based training within the context of student centered teaching. In as much as the university college is set to develop professionals that can readily and meaningfully engage in the economy and in the society, it shall enable the mastery of theoretical knowledge, applicable skills, proficiency within actual work environment and personal development.

ADMISSION AND STUDENT LIFE

The university college shall target needy but bright students on sponsorship basis. In order to augment the financial capacity of the university college, some students may be admitted on full fee basis. All students must pass the college entrance examination of the Ministry of Education to qualify for admission. A strong student personal philosophy will be pursued challenging the student to a level of personality development that can positively impacts adult hood. Extra curricular activities shall be used to develop student interest and character and arouse curiosity. These activities will be supervised to ensure impact and usefulness. Student services will attend to student needs so that gaps in that regard will not hamper learning.
